

ABOUT US

Helping Investors be Wise with Money

Our Story

Thrivent Mutual Funds is headquartered in Minneapolis and has been offering mutual funds since 1970. The investment adviser for our funds is Thrivent Asset Management (TAM). Of the investment team, 84% have at least 10 years of experience and 87% have a graduate degree, CFA® designation, or both.

Thrivent Mutual Funds is an affiliate of Thrivent, a mission-driven, not-for-profit financial services organization serving Christians for over 100 years. Today, Thrivent has grown into a Fortune 500 organization with \$136 billion¹ in assets under management/advisement (as of December 31, 2017) and has been named by Ethisphere Institute as one of the “World’s Most Ethical Companies” for the past seven years.²

Award-Winning

Our family of 25 actively managed mutual funds has a track record of competitive performance. For the past three years, Thrivent Mutual Funds has been named the Best Overall Small Fund Family by Lipper.

The Lipper Awards for Best Overall Small Fund Family are based on a review of 30 fund families for 2018, 32 fund families for 2017 and 27 fund families for 2016 and based on risk-adjusted performance for the three-year period ending Nov. 30, 2017. Award for U.S. Region Only.

OUR PROCESS

Portfolio Management

Our portfolio managers determine which securities to buy and sell in order to construct well diversified portfolios within their respective asset class categories, such as small-cap stocks or high yield bonds.

Strategic Asset Allocation

We use sophisticated portfolio optimization strategies based on risk and return expectations, mathematical models, and statistical analysis to develop our long-term strategic asset allocation targets.

Risk Management

We strive to keep funds within certain parameters and guidelines so that the risks remain consistent with each fund's investment objective.

Company Research

Our analysts perform an intensive review of the companies within their sectors by meeting with management, examining financial statements and assessing each company's competitiveness and long-term prospects.

Tactical Investment Decisions

We use our knowledge, experience and the latest market and economic data to form views and make decisions in an effort to stay on top of ever-changing market conditions.

Past performance is not indicative of future results. Investing in a mutual fund involves risks, including the possible loss of principal. The prospectus contains more complete information on the investment objectives, risks, charges and expenses of the fund, which investors should read and consider carefully before investing. Updated performance information and prospectuses are available at ThriventFunds.com.

The Lipper Awards for Best Overall Small Fund Family are based on a review of 30 fund families for 2018, 32 fund families for 2017 and 27 fund families for 2016. Award for U.S. Region Only.

Overall Group Award Methodology: Overall Group Awards are given to the best large and best small fund families separately. Small fund family groups need to have at least 3 distinct portfolios in each of the equity, bond and mixed-asset class groups to qualify for the Overall Group award. For the 2018 Thomson Reuters Lipper Fund Awards (based on three-year period ending 11/30/2017), a small fund family is defined as having assets of \$75.3 billion or less. For the 2017 Thomson Reuters Lipper Fund Awards (based on three-year period ending 11/30/2016), a small fund family was defined as having assets of \$63.5 billion or less. For the 2016 Award (based on three-year period ending 11/30/2015) it was defined as assets of \$57.7 billion or less. Money Market assets are excluded. The Overall Group award is given to the fund family with the lowest weighted average decile ranking of its respective asset class results based on the Consistent Return (Effective Return) value of the eligible funds per asset class. In cases of identical results, the lower average percentile rank will determine the winner. Sales charges are not taken into consideration. Some Thrivent Mutual Funds may have had fee waivers in effect. If they hadn't been in effect performance would have been lower. See ThriventFunds.com or the Prospectus for current waiver information.
